

QUICK START GUIDE FOR WINDOWS - Online PDF Express

Registering an Account

1

Open your Internet Browser.

Go to
<http://www.rldesignprint.com.au>
to Register.

2

Click PDF Express
then click Register

Enter your Account details.

Fields marked with an asterisk (*) are compulsory required fields.

When all required fields have been entered, click Submit.

3

Email Notification

A confirmation email, containing your username and password details, will be emailed to the email address you supplied on the registration form.

Click on the provided link in the email to go to the login page.

4

Login Process

Enter your user name and password into the corresponding fields and click Login.

A new User Profile menu will appear on the site to let you know that you are logged in.

5

Registration Complete

Click on the Download link in the User Profile menu.

Click on the Download button that corresponds to your Operating System to download the software.

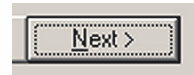

Installing the Software

Please note: uninstall any previous versions of the software before installing the new version. If unsure how to do this refer to the support section of the website.

1

*****IMPORTANT*** Close all applications.**

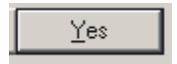

Double Click the Installer (.exe)

And Click "Next"

2

Click "Yes" to Accept the License

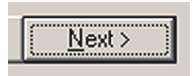

You will need to agree with the License agreement to continue.

3

Enter your name and company and Click "Next"

User Name:
Paul

Company Name:
D2P

4

Select the location for the Install
In most cases the default folder should suffice

Destination Folder
C:\Program Files\D2P Express\D2P Express Demo

Browse...

Click "Next" to continue

5

The program is now ready to install
Click "Next" to begin install

6

Once the installation is complete
Click on "Finish" to exit the installer

Your Online PDF Express Printer is now installed. Please refer to the "Printing and Delivering Manual" for more information on using the Online PDF Express Printer to create and deliver PDF's to RL design & print.
